Message from the Commanding Officer

In 1942, MCAS Cherry Point was commissioned as Cunningham Field and later renamed after a local post office situated among cherry trees. Today, MCAS Cherry Point is one of the largest employers in Eastern North Carolina and is the home of Second Marine Aircraft Wing; Marine Transport Squadron 1, which includes the search and rescue unit "PEDRO"; and numerous tenant commands such as Fleet Readiness Center (FRC) East and the Naval Health Clinic.

MCAS Cherry Point and its tenant commands continue to play a vital role in the economic stability of Eastern North Carolina, significantly contributing to the economic health of the entire state. During Fiscal Year 2009, salaries were \$1.43 billion, companies were awarded \$160 million in contracts, and the overall economic impact was \$2.18 billion. This brochure is produced each year to assist government officials, business leaders, civic organizations and local citizens in meeting planning and development requirements.

As the Commanding Officer of MCAS Cherry Point, I have had the opportunity to participate in the outstanding working relationship between the Air Station, its tenant commands, the local communities and the state of North Carolina. These relationships play a critical role in Cherry Point's ability to successfully meet its mission. As a guiding principle, the Air Station will continue to foster positive relationships with our local communities to further our mutual interests and commitments. Together we can make certain that MCAS Cherry Point maintains military readiness in support of the national defense while providing the highest level of support and quality of life for our military and civilian families. We are proud to be part of the Eastern North Carolina family and look forward to strengthening our community partnerships.

D.A. DENN
COLONEL, U.S. MARINE CORPS
COMMANDING OFFICER
